Our mission is to link those living with Autism to their world in an all-embracing manner through family support, individual support and community outreach.

Our vision is to create a world of genuine acceptance where individuals and families living with Autism realize their greatest sense of wellbeing and achieve their highest potential in their community.

Caregivers and Educators…..

- Do you feel your child or student struggles with basic life and or learning skills?

- Are you concerned about their safety in regards to their physical maturation, supervision at home, relationships, or community navigation?

- Could your child or student benefit from individualized 1:1 support in learning to be more successful in school or life?

“Everyone Can Learn” gives your child or student a WORLD of possibilities!

- Focus on developing learning and daily living skills, communication and the self-regulation that our youth need to integrate program content into their personal lives and community experiences.

- Provide increased and consistent individualized learning opportunities for our child, which will allow for generalization and integration of learned skills beyond instruction.

- Provides family guidance for caregivers to enhance learning!

Help your child or youth reach for the stars?

The One World Center is excited to provide individualized life and learning skills in conjunction with EFM Educational Services!

We are pleased to have an amazing and dedicated instructional team that will identify your family’s concerns, your child’s strengths and challenges. Once assessed, our educational partners will create goals that promote the development of learning and/or independent life skills. Dr. Matthews-Somerville’s is the director of EFM Educational Services and an educational consultant with an expertise in mentoring children youth and their families! She has a heart for educating children of all abilities and helping them achieve their maximum potential. Dr. Matthews-Somerville has an extensive background in teaching and supporting children and youth with developmental differences.

Call today to see how we can help your child, because every child can learn!!
